## **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Claims 1-15, 17-19 are considered allowable since when reading the claims in light of the specification none of the references of record alone or in combination disclose or suggest the combinations of limitations specified in the independent claims. As to claims 1-5, the prior art of record does not teach (b) each of the plurality of vehicles receiving registration messages broadcast by other vehicles and registering the other vehicles which broadcast the received registration messages to a node management table to create an ad-hoc network between vehicles. As to claims 6-9, 10-12, the prior art of record does not teach a) from each of the plurality of vehicles, receiving a registration message requesting b) registration the received registration message to a first node management table of the RSE and creating the ad-hoc network between the RSE and the vehicles.

As to claims 13-14, the prior art of record does not teach each of a plurality of vehicles broadcasting a registration message requesting its registration and receiving registration messages broadcast by other vehicles to create an ad-hoc network; at least one Road Side Equipment (RSE) for receiving the registration message broadcast from each of the vehicles, registering the vehicles which broadcast registration messages to a node management table of the RSE, and collecting traffic information from the received registration messages. As to claims 15,17-19, the prior art of record does not

teach a Radio Frequency (RF) unit for receiving registration messages broadcast from the vehicles and broadcasting a registration message from the RSE to the plurality of vehicles; a controller for registering the plurality of vehicles to a node management table of the RSE by using the received registration messages to create an ad-hoc network associated with the vehicles and generating traffic information by using the registration messages. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
